

## SELECTION OF PROJECTS ALF/CFP/MT2/2013

The selection of granted projects for the ALF/CFP/MT2/2013 has now been finalized.

A total number of 184 applications were received within the deadline of the call. 167 applications passed the administrative check, which ensures that the applications adhere to the criteria of the call. These applications were then evaluated by three external assessors who assessed each application according to the evaluation grid. The ALF evaluation committee also assessed the applications according to the same grid, and made a final selection taking into account the recommendations of the external assessors as well as the geographical spread and the fields of action, in order to make the selection as balanced as possible.
